

Mahr

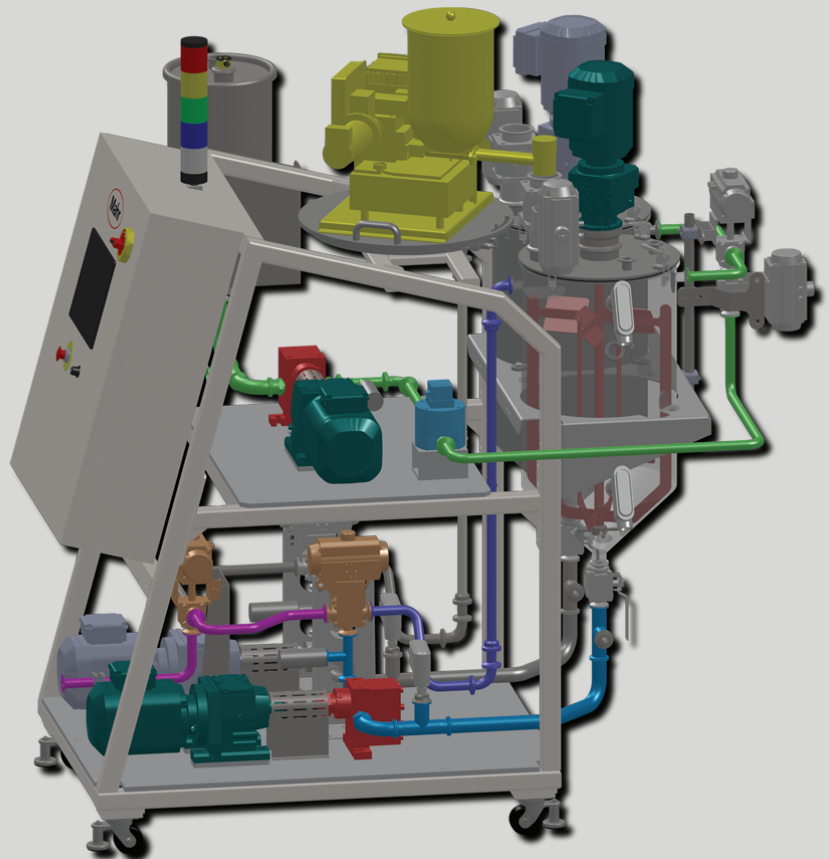

Meter / Mix / Dispense

Until recently mixing liquid and powder on demand has almost been impossible. Mahr Metering Systems has created a liquid metering system which is in-line with dry feeding. The new mixing methods of Mahr's equipment now has dynamic mixing abilities with very low shear.

- Liquid & Liquid Powder Dispensing
- Single Component Metering
- Plural Meter, Mix, Dispense
- On-demand Dispensing

- Fully Automated Delivery
- On-line Data Logging
- Reduced Waste
